

Fellowship Missionary Baptist Church  
*Equip the Saints for Ministry*

Wednesday, March 25, 2020

Dear Fellowship Family,

This morning I heard from a member expressing concerns about the plans to gather tonight for prayer. I have heard those concerns and I agree that it will be better to exercise a greater degree of caution in the face of this ongoing pandemic. I apologize for causing anyone to feel that the safety of our members or the community had not been more of a consideration.

We will still have our corporate prayer time beginning this evening at 7:00 pm, but because there are no limits as to where prayer can take place, I am asking everyone simply to pray from where you are. At the appointed time, stop what you are doing, gather those who may be with you and seek the Lord's face in the sanctity of your own home.

The prayer request is the same:

- Healing for all those who have this virus or who may be diagnosed with it in the future
- For medical intervention in the form of a vaccine or cure
- For God to send a miracle to resolve all that has resulted from this virus – the layoffs, the schools closing, over-full hospitals and over-worked medical staff, social injustices, the hoarding, etc.
- The leadership
- The safety of the total body of Christ

I thank you in advance for the prayers that will go forth on behalf of our community and our world. I thank you also for your continued prayers for and patience with me, as we all attempt to navigate these unchartered waters together.

I love you and there is nothing you can do about it!

Albert Gallmon Jr  
Senior Pastor
